# BECOME A CERTIFIED Illuminated Herbalism Practitioner

## What Is The Shift Network's *Illuminated Herbalism Certification Program*?

**This is your opportunity to take part in a transformative journey into the world of herbalism that goes beyond traditional practices.** This unique certification program blends ancient wisdom with contemporary insights to support your comprehensive understanding of herbs that foster healing and holistic wellbeing.

**You can gain botanical knowledge and a deep connection to plants' spiritual and energetic dimensions** — through expert-led teachings, experiential learning, and community engagement.

**Harness the power of herbs for personal growth and healing — and to support others through your own professional practice.** The program emphasizes intuitive herbalism, using herbs to enhance your spiritual practice... and spiritual practice to enhance the benefits of herbs. Participants will be given sustainable practices to equip them with skills for cultivating a profound relationship with nature.

**Whether you're a beginner or an experienced herbalist, this program offers a transformative learning experience** that empowers you to integrate the wisdom of plants into your life and share it with others in meaningful ways.

The Shift Network did a great job organizing the bounty of information given to us in easy-to-access segments, which will help us in the years ahead when we want to review.

## How Will This Training Support My Professional Career?

This program goes beyond teaching herbal knowledge to support your professional development in several ways. You'll gain:

- **In-depth and well-rounded knowledge of herbalism**, including traditional and contemporary practices
- **Enhanced abilities** to create personalized herbal remedies through intuitive herbalism
- **Deeper connections with nature** and a holistic approach to healing
- **A skill set that aligns with career opportunities** in holistic wellness, natural medicine, and alternative therapies
- **Networking opportunities** within a community of dedicated students and expert herbalists
- **Potential for collaborations, partnerships, and mentorship in the field**
- **Knowledge of how to integrate spiritual and energetic dimensions** of plants for comprehensive healing approaches
- **Recognition as a practitioner** capable of addressing both physical and holistic wellbeing needs.

## Prepare for a growing list of professional opportunities, including:

- **Herbal consulting practices** — clinicians and practitioners of herbology, naturopathic medicine, chiropractic, acupuncture, yoga, etc. can utilize both the herbal properties and energetic inner dimensions of plants to enhance therapeutic practices
- **Herbal practitioners** — work in wellness retreats, spas, and holistic health centers
- **Product development** — craft your own line of herbal remedies or skincare products

I am now moving from acupuncture needles to using herbs in my practice, and as I gain experience I want to teach.

**This program's faculty comprises leading experts in herbalism, spirituality, and holistic healing,** ensuring a comprehensive, well-rounded education integrating diverse perspectives.

This unique range of perspectives sets this program apart, enabling graduates to connect with herbs on a deeper level and offer more holistic healing approaches to clients and patients.

This was my first introduction to herbalism, and I gained such deep respect for plant medicine on so many levels. This course was truly a gift to add to my Ayurveda practice. There was so much information that will help me deepen and explore the teachings. I left feeling more confident and wanting to truly serve my clients in this manner.
