

Animal Telepathic Communication Certification Full Program Syllabus

Through the art of animal communication, gain the skills you need to understand, support, and heal animals, help them strengthen their connections with their human companions, and assist them in transmitting their own wisdom and healing back to humans, creating a truly reciprocal relationship.

Continue to build on your animal communication skills to better understand, support, and heal animals, help them strengthen their connections with their human companions, and assist them in transmitting their own wisdom and healing back to humans, creating a truly reciprocal relationship.

Through advanced instruction in energetic attunement, telepathic connection, body scanning, intuitive listening, counseling and healing methods, and soul-to-soul communication, you'll become a healing presence, fostering wellbeing for all.

Curriculum Details & Dates

Unit 1: Strengthen & Refine Your Interspecies Telepathic Communication Skills by Cultivating a Steady, Healing Presence (September 8 to October 20, 2025)

As your journey begins, **you'll cultivate a centered, receptive, and compassionate presence** that allows animals and their human companions to feel comfortable opening up and working with you.

You'll learn to set aside your own ideas, agendas, judgments, preconceptions, emotional stress, anxieties, projections, and conflicting energies **to become an open communication channel with others.**

Penelope will guide you in avoiding emotional entanglement, ensuring clarity in perception and effective assistance. She'll also help you develop a steady, healing presence—focused on truly listening and accurately conveying animal messages.

*The Unit 1 Guest Faculty Workshop will focus on helping you **identify how you operate and what your blocks are.** Led by **Tammy Billups**, certified interface therapist and holistic healer for animals and people.*

In this unit, you will:

- Get centered, grounded, and **ready for telepathic connection**
- **Become accurate** at differentiating your thoughts and feelings from telepathic communication with animals
- **Cultivate an open heart** and clear mind to receive messages with depth
- Strengthen your trust in your **intuitive communication skills** through validation and feedback
- Maintain a neutral, sacred space to **foster compassionate partnerships with animals and their human companions**

Unit 1 Classes & Sessions:

- Orientation Community Gathering (Monday, September 8)
- **Unit 1, Class 1** - The Best Approach For Receiving Accurate, Complete Telepathic Communication (Wednesday, September 10)
- **Unit 1, Class 2** - Cultivate Awareness and Distinguish Human Thoughts & Emotions From Animals' (Wednesday, September 17)

Unit 2: Add Practices & Techniques to Your Counseling & Healing Toolbox for More Effective, Integrated Solutions

(October 22 to December 8, 2025)

You'll go beyond simply listening and relaying what animals communicate — to **actively assist with deeper emotional and spiritual issues**.

Penelope will guide you in using powerful yet simple counseling techniques to address or **resolve most emotional and spiritual traumas in animals**.

You'll discover how past lives enter into how an animal experiences life, relationships with people, and when it's helpful to explore them. Expanding your alliance with the natural world will deepen your awareness, enhance your healing abilities, and broaden the challenges you can navigate.

Unit 2 will include two Integration Sessions led by Penelope.

You'll learn how to:

- Counsel animals to **ease or heal past trauma** that's impacting them now
- **Explore past lives** for healing and deep understanding
- Use **telepathic sensing and energetic healing techniques** to balance and restore the well-being of animals
- **Work with power animals** and shamanic journeys for healing and problem-solving
- Develop **partnerships with the natural world** for personal, professional, and planetary service

Unit 2 Classes & Sessions:

- **Unit 2, Class 1** - Effective Counseling With Animals (Wednesday, October 22)
 - **Unit 2, Class 2** - Past Lives in Counseling & Problem Solving (Wednesday, October 29)
 - Integration Session with Penelope (Monday, November 3)

 - Integration Session with Penelope (Monday, December 8)
-

Unit 3: Learn Problem Solving Techniques to Resolve the Wide Spectrum of Issues That Can Arise in Consultations

(December 10, 2025 to February 2, 2026)

You'll explore how to navigate the full spectrum of challenges that can arise in animal communication consultations — including behavioral issues, health concerns, trauma, abuse, life transitions, and the complexities of dying, death, and reincarnation.

Penelope will guide your understanding of **the deeper influences of family dynamics, environmental shifts, and the energetic bonds between animals and their human companions**. By seeing each situation from the animal's perspective, you'll discover what they need for healing, balance, and a harmonious relationship with their person.

You'll develop skills to work with emotional and behavioral issues, interpret an animal's perspective on health and physical concerns, and

navigate the emotional and spiritual aspects of illness and end-of-life transitions.

Additionally, **you'll explore methods for easing major life changes** — such as moving or traveling — and understand the relationship between nutrition, environment, and wellbeing.

Penelope will introduce techniques for locating lost animals and for recognizing how an animal's current health and behavior may be a reflection of their person's emotional and energetic state.

*The Unit 3 Guest Faculty Workshop is entitled, **Homeopathy for Animals**. Led by **Donna Lozito**, animal communicator and certified homeopath.*

In this unit, you'll:

- **Communicate effectively with people** to understand the history and key aspects of their concern
- Discern **how the animal feels**, and anything they wish to communicate
- Ensure the person's questions are answered **in harmony with the animal's perspective**
- **Ask the right questions** to get to the root cause of an issue as you assess and handle other elements of the problem
- Learn to educate and **create a program for people to work with their animal companions** for healing and greater harmony
- Study a **variety of consultation cases** and mentoring
